INTRODUCTORY

IT is with pleasure that we place before the public the 1934 directory of Champaign and Urbana, compiled for us and set in type, printed and bound complete in our own shop here in Champaign-Urbana. We trust that it will meet your approval.

Not only is the Directory a very necessary and indispensable work for local usage, but it is a valuable means of extending throughout the country information concerning Champaign and Urbana, their advantages, resources and prospects, and it is a matter of more than ordinary importance to every individual that he be properly represented in this standard work of reference.

To gather the data and compile a volume of this character is no easy task. It requires much time, a well defined system, and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the Publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the book, it is generally the fault of the public and not the publishers, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intention of the publisher is always for improvement, and you can always count on getting as accurate a Directory as circumstances will permit.

We wish to thank our patrons who have made this book possible, and the people of both cities for their courtesy in giving information.

FLANIGAN-PEARSON COMPANY
CHAMPAIGN, ILLINOIS

HISTORICAL AND STATISTICAL SKETCH OF THE TWIN CITIES

CHAMPAIGN

The city of Champaign originated in 1854 when the Illinois Central Railroad built its main north and south line two miles west of the village of Urbana. A village started at the railroad and was incorporated at that time as the village of West Urbana, its name was changed to Champaign in 1857. In 1860 the village of Champaign was incorporated as a city.

Champaign owes its growth to an act of the legislature in 1867 which awarded the University of Illinois to Champaign County. The steady growth of the University has been reflected in the growth of Champaign. The original location of the University was in Urbana adjacent to Champaign, but due to the expansion of the University, part of its grounds and buildings are on property originally part of Champaign.

Champaign is served directly by the main line of the Illinois Central Railroad; the Indianapolis-Peoria division of the C. C. and St. L. Railroad (Big Four); by the Wabash Railroad; by the Danville-St. Louis division of the Illinois Terminal Railroad (Electric) and Bus Lines including the Greyhound Lines to Chicago, St. Louis, Indianapolis, Peoria and other points.

Three state paved highway routes Numbers 10, 25, and 39 converge in Champaign from all directions. These routes, and the many paved County highways radiating in all directions, together with excellent transportation facilities offered by rail and bus routes make this one of the leading downstate traffic centers.

Due to its location in a rich section of East Central Illinois and to the large student body which attends the University, Champaign has a large retail business. Its stores offer exceptional stocks of merchandise to customers who come from a wide area to trade here. The 1930 census of distribution shows Champaign-Urbana to be the seventh market in the State, with annual sales amounting to more than \$24,000,000. Champaign stores do seventy-five percent of this business.

Champaign and Urbana are served jointly by all utilities and together have one of the finest sanitary districts and sewage disposal plants which has been widely copied by other cities.

With the Commission form of government, a motorized police department, and its fire department on the platoon system, Champaign is up-to-date and efficiently equipped to handle its city business.

The large stadium and the men's gymnasium of the University being located in Champaign bring the thousands of people who attend athletic events at the University directly to Champaign. The football games in the fall and the basket-ball games in the spring attract gigantic crowds from all sections of the state.

The diversified industries of Champaign manufacture road equipment, leather gloves, forgings, portable bleachers, impact registers, wrought iron fixtures, and machine shop products.

The Chamber of Commerce airport furnishes facilities for visitors to Champaign, Urbana and the University who travel by plane. This airport is Federally recognized as safe and properly equipped.

CHAMPAIGN FACTS

The 1930 Census of Distribution reports 389 retail stores with a total annual business of \$18,374,682, a pay roll of \$2,341,780

and full time, employment for 1,773 men and women in Champaign.

Population—(1930 census) 20,348.

Area—2740 acres.

Schools—The educational facilities in Champaign are very highly developed. The High School has an enrollment of 1,020, grade schools 2,500, Parochial schools between three and four hundred.

Banks—Four, two National and two State. Total deposit \$12,000,000.00. Capital, surplus and undivided profits, \$1,400,000.00.

Building and Loan Associations—five.

Business Colleges—four.

Chamber of Commerce—400 members.

Champaign County Country Club—250 members.

Churches and Missions—27.

City assessor's valuation—\$15,203,431.

Tax rate—\$5.00.

Fire department—Firemen, 14; fire hydrants, 329.

Fraternal organizations—21.

Hospitals—Three serve the community. Burnham, 70 beds; Mercy, 35 beds; University isolation, 45 beds; McKinley Hospital at the University, 90 beds.

Hotels—8.

Kiwanis Club—110 members.

Rotary Club—100 members.

Lions Club—50 members.

Exchange Club—30 members.

Labor Organizations—22

Newspapers (Daily)—Two.

Parks—Six (under park commission control; fourteen other small parks.

Paved streets—60 miles.

Police force—12 men. Entirely motorized.

Postoffice—Three sub-stations; six rural routes; sixty employees; annual pay roll, \$80,000.

Public Library—(Burnham Atheneum); erected 1895; cost \$40,000; number of volumes—32,259.

Telegraph Companies—Two.

University of Illinois Stadium—Cost nearly \$1,700,000; seats 69,000.

Million Dollar Illinois Central Station, track elevation and subway.

URBANA

When Champaign county was created in 1833, Urbana was founded as its county seat.

The name of the county and county seat were after similar county seat and city in Ohio. The name Urbana is derived from the word Urbanity. The county offices were established, the Court House erected and the business of the county has been conducted in Urbana from that time until this.

When the legislature of the state of Illinois decided to take advantage of the provisions of "The Morrill Act" providing land grants for state institutions of higher learning by creating such a university for Illinois, the enterprising citizens of Urbana and Champaign county succeeded in permanently locating it in Urbana.

The educational facilities in Urbana commence with the common schools, of which there are seven, include two modern high schools and concludes with the University of Illinois. The University campus and adjacent experiment fields consists of 2642 acres of land, with 90 buildings of the most modern character, while the enrollment for the year 1931-32 was 12,993 with

over 1161 professors and instructors, and a total staff of almost 2,300 people.

Urbana has won fame as a residential city. Perhaps there is no city anywhere having a larger per cent of college trained citizens. The per cent of illiteracy in Urbana is considerably less than one per cent, while 36 per cent of its residents of school age are enrolled in its two high schools. Furthermore, fully 85 per cent of the residents of Urbana are home owners.

Urbana, "the crossroads of the Corn Belt," has sixty miles of paved streets. All the streets are well lighted by a system of ornamental boulevard lighting standards. Sanitation is unsurpassed, while the water supply comes from numbers of deep wells.

Urbana with a population of approximately 13,060, is also a city of parks. While the University campus may be considered one large park, Urbana has a park system of unusual attractiveness. The principal park of the system is Crystal Lake park, comprising some one hundred and ten acres of shrubs, oaks, grass and water made easily accessible by beautiful drives and walks. The clear water of the lake affords splendid boating in the summer and skating in the winter, while its pavilion, shelter house, modern play ground for children and an outdoor swimming pool attract visitors for many miles about. The other parks, while not so large, are very attractive.

In Urbana twenty churches guide the spiritual welfare of its citizens; the Boy Scouts, Girl Scouts, and Campfire Girls provide recreation and training for the children, while the Association of Commerce, the Rotary Club, the Exchange Club and the various fraternal societies afford means for the practice of good-fellowship characteristic of Urbana's citizens.

Although Urbana is paramount in its civic interests it is also represented by sound commercial and industrial concerns. No city has more solid financial institutions than the banks and building and loan associations of Urbana, their aggregate statements reaching several millions of dollars. Its building and loan associations are among the strongest in the country. Every branch of retail trade is represented among Urbana's stores, which provide for the wants of the community. Among the manufacturing enterprises in Urbana, are manufacturers of knock-down bleachers, butter and other dairy products,

discuses, javelins and other athletic supplies, electrical supplies, chemical supplies, paints, castings, dehorner, cigars, harness, ice cream, burial vaults, mausoleums, high powered microscopic lenses, scientific instruments, waste reclaiming, X-ray apparatus, concrete ornaments for yard and home. Urbana is also the home of general laboratories, chief of which is the plant of the Urbana Laboratories, Inc., makers of seed cultures and many others.

In Urbana are located the shops of the Peoria and Eastern railway, a division of the New York Central Lines, which employ the largest number of men in any single industry in the city.

Urbana possesses very adequate transportation facilities, including Peoria and Eastern Railway, giving services to the east and west; the branch line of the Wabash running to Sidney; while the Illinois Central affords frequent services to Chicago and the south. "A train your way every hour of the day" is provided by the Illinois Traction System, with accommodations east and west, bus lines run to Chicago and St. Louis. Connections are made at Glover by trolley with the Chicago and Eastern Illinois railroad company for Chicago and St. Louis and by bus with the main line of the Wabash for St. Louis and Detroit at Tolono. Three state paved highways and many paved county roads extend in all directions and bus service is given on all three state highways.

Among other points of interest in the "city of opportunity" besides the University of Illinois Campus and its many attractions are, the Samuel T. Busey library, the Outlook Tuberculosis Sanitarium, Cunningham Home for children, Mercy Hospital, the Margaret Carle Memorial Hospital. One of the most up-to-date sanitary disposal plants in the country, a 110-acre, eighteen hole golf course and country club, the Wesley Foundation and the state and government experiment stations, and the Urbana park board's \$100,000 outdoor swimming pool, "Illinois finest," and the \$250,000 First Methodist Episcopal church.

An authority writes: "Urbana . . . home of the most important manufacturing plant in Illinois . . . that plant is the University of Illinois. Its raw materials are youth and ambition. Its product is men and women."

URBANA AND CHAMPAIGN—THE HOME OF THE UNIVERSITY OF ILLINOIS

The Home of the University of Illinois is one of the best known convention communities in Illinois. Because of the presence of the University of Illinois in this community, it is estimated that annually more than 150,000 visitors come here to attend conventions of district, state, national, and international importance.

THE URBANA AND CHAMPAIGN SANITARY DISTRICT

The Urbana and Champaign Sanitary District organized May, 1921, Law of 1917. Board of Trustees: P. W. Wright, President; Dr. J. C. Dodds, Vice-President; Harry Barr, Clerk. Officers of the Board: T. C. Sullivan, Treasurer; Francis E. Williamson, Attorney; Pearce, Greeley & Hansen, Consulting Engineers; Gus H. Radebaugh, Manager.

Treatment of sewage: Coarse Screen, Imhoff Tanks, Sludge Drying beds, Trickling Filter and Final Sedimentation treatment, capacity, 6,750,000 gallons per 24 hours. Plant is located north and east of Urbana, 697 feet above sea level. Effluent of plant flows into Salt Fork which has a natural stream flow of 3,000,000 gallons per 24 hours. Three and one-half miles of In-

tercepting Sewers, 30 inch the largest size with an intercepting capacity for 70,000 population. District area, 5,456 acres or 8.53 square miles. Approximate population of 43,000 and an assessed valuation of \$23,741,257.00.

Purpose of the Sanitary District, to relieve overloaded sanitary sewers and prevent human filth from polluting resident basements, the Boneyard Branch, Saline Drainage Ditch and Salt Fork Creek. Office of the District is the Pumping Station at the Treatment Works. Public inspection always welcomed.

This Sanitary District is example of successful cooperation between the two municipalities. The two cities are in fact one community and should be so considered by all residents.

Do You Know That

■ the Printing industry annually distributes more dollars in payroll to residents of Champaign-Urbana than any other industry?

■ the value of the annual product of the Printing industry gives it FIRST PLACE among the industries of our community?

■ from the standpoint of capital invested the Printing industry out ranks all other industries in Champaign-Urbana?

■ among the printers and people employed by the industry there is a larger percentage of home owners than is shown in any other craft in the Twin Cities?

■ throughout the depression NO printers were on the relief rolls of the county?

Buy ALL your printing from local printers and show your appreciation of your community's greatest industry.

The Penalty of Leadership « »

Whenever an organization like ours earns the reputation of producing printing of finer quality, of rendering a really helpful service that transcends mere order execution, some people erroneously assume that its charges must necessarily be higher. This is one of the penalties of leadership.

Our prices are not more than you would ordinarily pay. Less when you consider that the supreme worth of printing lies not in what it costs, but in what it does.
